leap in time

Working Student (m/f/d) for AI-Based App Development
Starting from January 15, 2025

About Us

The leap in time lab is a research facility in Darmstadt, well-known from the media, and founded in 2016 as a spin-off of the Technical University of Darmstadt. We are an innovative company specializing in the development of AI and robotics solutions for the future of work. Using cutting-edge technology and a creative team, we create tailor-made solutions for our clients.
Join us and become part of our vision to explore the workplaces of the future and make them tangible for science, business, and society.

Your Tasks

We are looking for a student to support us with the following tasks:

- App store management, including publishing and updates.
- Testing on various devices to ensure functionality.
- Development and management of native app features.
- Ensuring apps are correctly ported to different devices.
- Deployment of AI solutions as apps, including testing and optimization.

Your Profile

If the following points apply to you, you are the perfect fit for our team:

- You are studying computer science, electrical engineering, mathematics, or a related field.
- You have good knowledge of at least one programming language (e.g., Python, Java, C++).
- You have initial experience in software development, ideally in the fields of AI or app development.
- You have analytical thinking skills, a structured work style, and enthusiasm for innovative technologies.
- You are fluent in German and English, both spoken and written.
- You can work independently as well as in a team.
- You are motivated to learn new things and contribute creatively to solutions.

We Offer

- Attractive pay of €16/hour.
- Flexible working hours that fit your studies.
- Insights into cutting-edge technologies and projects in AI and robotics.
- Support from an experienced team and room for independent work.
- Opportunities to gain valuable practical experience and develop your skills further.
- The chance to make an impact and shape a young, dynamic company.
- A modern work environment with an open corporate culture.

Interested?

We look forward to receiving your application! Please send your application documents (including a cover letter, resume, and current transcript) by December 18, 2024, to: info@leap-in-time.com
Start your journey into the future with us – we are excited to meet you!
