

Topic	Leadership in the crisis: Data analyses of a survey with US managers
Overview	<p>The current situation has great impact on the daily business of, expectations towards and tasks of leaders and managers.</p> <p>We have conducted an online study with managers from the US and now want to analyze the data to find answers on for example the following questions:</p> <ul style="list-style-type: none">• What leadership types can be identified in the crisis?• How do different types of leaders manage themselves in the crisis?• How do different types of leaders manage others in the crisis? <p>The various questions should be answered within the scope of an extensive data analysis.</p> <p>Depending on the results, the publication of a scientific paper might be possible.</p>
Language	English
Additional information	<p>Start: from 01.09.2020</p> <p>Kind of thesis: Master thesis</p> <p>Requirements: SPSS knowledge, knowledge on statistical data analysis</p>
